Attention Shenandoah County Art Teachers

Woodstock, VA, May 9, 2018– Planning a special art project for next year? Need materials? The Art Group Education fund can help. This new fund maintained by the Shenandoah Community Foundation was created in December 2017 to help Shenandoah County teachers purchase art supplies.

Here's how it works: Art teachers submit a simple application to the Shenandoah Community Foundation by June 15, 2018. (Applications can be downloaded from www.shenandoahcommunityfoundation.com.) Funds will be distributed to your school by August 1st. Use the funds as outlined in your application.

“When the Art Group was founded, one of the key commitments was art education,” said one of the members that facilitated the fund’s creation.

“This year there is \$600 available for grants to be used for art supplies.” Said Program Coordinator, Jeanne Russell. “As the fund grows, so will the grant amount.”

Send applications to:
