

# 2022 ANNUAL REPORT

*Connecting people who care with causes that matter*

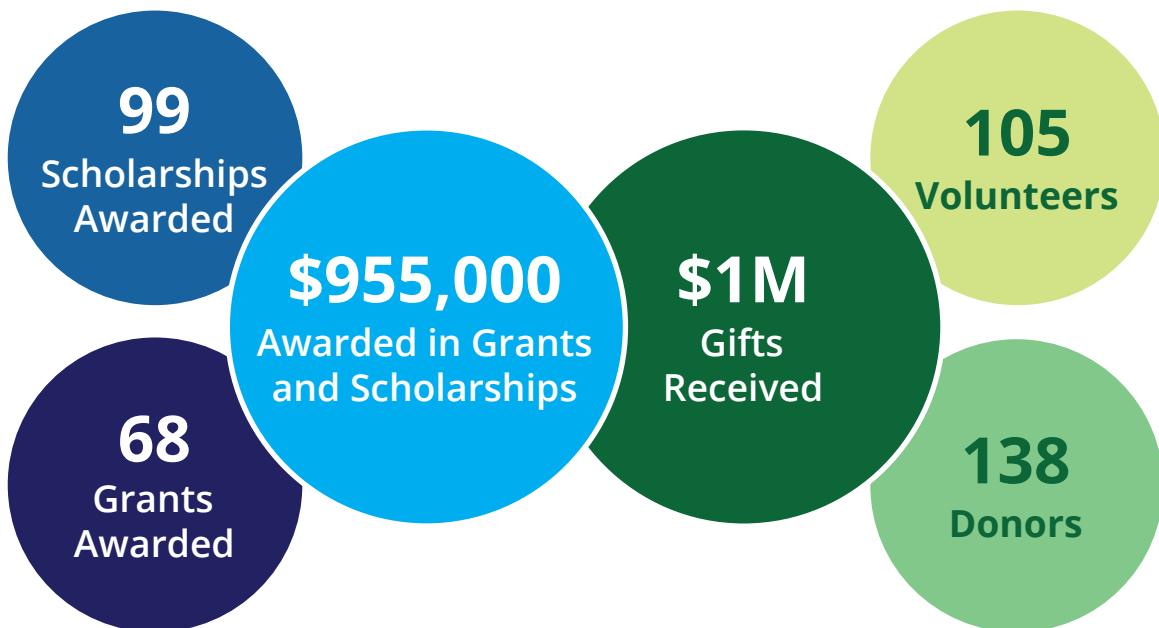

**SHENANDOAH**  
— COMMUNITY FOUNDATION —

# MISSION STATEMENT

It is the mission of the Shenandoah Community Foundation to connect people who care with causes that matter in Shenandoah County, Virginia, and surrounding areas.

To accomplish our Mission, we use a four-fold approach:

- We support the area nonprofit organizations with their various community missions by helping them establish endowments and connecting them with potential donors.
- We serve individual and corporate donors by providing cost-effective tools and vehicles for their philanthropy.
- We strive to meet specific community needs through scholarships and grants.
- We seek to educate the private, corporate, and nonprofit sectors of our community about the power and long-term benefit of endowed philanthropic giving.

*The Woodstock Community Build Mosaic project literally has the fingerprints of VECCA volunteers and over 500 people of all ages who have participated in creating these public works of art. The Town of Woodstock has been a partner with VECCA in the project, and the Public Works Department is recognized for their help in framing and installing the murals. ## MESSAGE FROM OUR PRESIDENT

Dear Friends of the Foundation,

In this year's report, we share with you the impact the Foundation has been able to make because of generous donors who established funds with the purpose of making a difference in Shenandoah County.

In 2022, donors made it possible to award \$828,000 in grants to nonprofit groups in the County and surrounding areas. These grants helped provide much needed services—safe housing for families, food deliveries for the elderly, summer school programs and activities for children, medical and dental services for those without insurance, and so much more.

Beyond social service needs, grants were also made to keep our rivers clean and improve the environment, provide entertainment, and support the arts. You won't want to miss the article and photos on pages 4 and 5 of the thriving arts community in Shenandoah County.

In addition to grants, the Foundation awarded a total of 99 scholarships, totaling over \$127,000. Two new scholarship funds were established this year, which will help even more students as they head to college or vocational school.

Emma, a scholarship recipient, recently sent a thank you note to us with this message: "I am grateful for your investment in students like me, and I look forward to using that investment to help pursue my goal of becoming a champion for agriculture." Emma received a 4-H Dairy Club scholarship as she began her freshman year at Virginia Tech. She recognizes scholarships for what they truly are—an investment in students and in our community.

Our Foundation has also put much effort this past year in making some in-house changes. We are beginning to see increased efficiency and cost savings with new fund management software. Additionally, we were able to streamline our grantmaking process with the implementation of new grant software. Nonprofit organizations can now easily apply online with their requests.

As a Board, we are committed to building a better future for Shenandoah County, and we are immensely grateful for your support.

W. Michael Funk  
*President*

# SUPPORTING THE ARTS

## IN SHENANDOAH COUNTY

The Foundation is often associated with its educational scholarships and social service grants, but it is also an ardent supporter of the arts in Shenandoah County because of generous donors who have established funds for this purpose.

Three arts funds housed with the Foundation include the Bowman-Shannon Cultural Arts Fund, the Art Group Education Fund, and the Shannon Musical Heritage Fund.

### Bowman-Shannon Cultural Arts Fund

The Bowman-Shannon Cultural Arts Fund was established in 2018 with the closing of the cultural arts center in Mount Jackson. The assets were transferred to the Foundation with the purpose to "educate, guide, and stimulate the enjoyment of and participation in cultural arts in Shenandoah County."

What, you might ask, are cultural arts? Simply put, these are artistic reflections of our culture. This can be seen when colored stones are made into murals; music, dance, or drama is created and shared with appreciative audiences; or photography captures unique moments in time.

In fact, grants from this fund have helped create each type of project mentioned above. In the past, the Valley Educational Center for the Creative Arts (VECCA) received funding to help with the creation of the Woodstock murals (see cover photo), a Fort Valley dance group was able to purchase portable ballet barres and mirrors, Theatre Shenandoah installed improved lighting, and North Fork Middle School purchased cameras for a photojournalism class.

A unique aspect of the Bowman-Shannon fund is that at least half of the annual awards in a given year are required to be granted to public schools in the County. This has presented extraordinary opportunities for students in our schools, particularly as the arts typically receive low priority funding. Among the school awards in 2022, a unique grant was awarded to Massanutten Regional Governor's School to use art to communicate scientific information to various audiences. Funding for this project covered the costs of materials and a public showcase of the work of more than 40 students.

*Béla Fleck delighted the audiences at Shenandoah Valley Music Festival, both on stage and at a workshop for banjo aficionados.*

# MAKING A DIFFERENCE THROUGH THE ARTS

*Massanutten Regional Governor's School students used art to convey scientific concepts and information.*

## Art Group Education Fund

The Art Group Fund was established specifically to help art teachers in our County schools purchase supplies that are not included in their annual budgets. These grants have helped expand art education for our students.

## Shannon Musical Heritage Fund

The Shannon Musical Heritage Fund was established by the Shannon family to preserve the cultural roots of regional music, particularly that of string music in the Appalachians. A banjo workshop by Béla Fleck and a guitar workshop by the Gibson Brothers are recent events co-sponsored by the Fund with the Shenandoah Valley Music Festival.

It's important to note that in addition to the enjoyment the arts provide, there is a strong correlation between the economic development of a community and its arts, which can serve as attractions for visitors, new residents and potential employees and companies. The Shenandoah Valley Music Festival, Shenandoah Valley ARTFest, and the Edinburg Ole Time Festival, are examples of events that bring thousands of visitors to the County, and each, we are proud to say, has received funding from Shenandoah Community Foundation and its supporters.

# JOHN DUNCAN WILBURN ADVENTURE SCHOLARSHIP

## 2022 RECIPIENT: LUCY WEATE

*John Wilburn was a graduate of Strasburg High School and Virginia Tech. Unfortunately his life tragically ended at age 30 in a kayaking accident. In his memory, his family and Friends of the North Fork of the Shenandoah River established this scholarship in 2015. In the following account, Virginia Tech student, Lucy Weate, the 2022 scholarship recipient shares experiences from her summer field study.*

I worked with a small team of researchers in Belize, Central America for four months on a long-term, large scale jaguar monitoring project led by Dr. Marcella Kelly from Virginia Tech. I helped set up, maintain, and take down camera stations while performing trail clearing, data organization, field gear maintenance, and other chores throughout the duration of the 4-month study.

We utilized non-invasive methods to study elusive species, like jaguars and pumas, through camera-trapping techniques. We had four field sites with over 175 camera stations stretching over 386 square miles. Jaguars have unique spot patterns, so camera placement on either side of a trail enabled us to capture a whole individual. This allows us to individually name and record that jaguar. From there, we can create capture histories for each one and then analyze the density of the population.

We spent up to eight hours a day chopping with machetes in the jungle for weeks at a time to maintain our camera trails. The days were often long, especially when a truck would get stuck in waist-deep water after a physically exhausting day of chopping in 98-degree weather.

Our team resided in a local village, named Sylvester. It is a unique place where everyone becomes family. We learned about the culture and history of the land from our friends, and we taught them about camera-tracking. We celebrated birthdays, listened to local folklore, danced, and played soccer with everyone in Sylvester. Our relationships within all of the communities are the heart of the project.

Upon returning from Belize, I continued working for Dr. Kelly alongside other graduate students. I was entrusted with organizing data for ocelots and placing ID's for every jaguar caught on our camera.

I plan to continue my journey in becoming a wildlife biologist. This opportunity has allowed me to grow as an individual while opening doors for my future. I would not be where I am today without the help from the Shenandoah Community Foundation!

# THE POWER TO MAKE A DIFFERENCE

## You Can Positively Impact The Quality Of Life In Shenandoah County

You can make a difference in Shenandoah County for years to come and create a legacy of giving. And you don't need to be a wealthy person to make this happen.

- You can help students who want to attend college by establishing a scholarship fund.
- You can start a fund to support a specific cause or organization in Shenandoah County that you want to help for generations to come.
- You can create a donor-advised fund that provides you with flexibility to support many different organizations over time, such as your church, a social service agency, the arts, and so on.

### How do I start a charitable fund?

Identify what matters to you—perhaps it's a cause, a charitable organization, or someone you want to honor.

Meet with a Shenandoah Community Foundation representative to design the fund so it can achieve your goals.

Create a name for your fund, and offer a tax-deductible gift\* of \$5,000 or more to your fund now or later through your estate.

As your fund is invested for long-term growth, watch the meaningful difference your giving makes as you support your favorite causes.

## NEW FUNDS IN 2022

### James Henry Allamong Jr Memorial Scholarship Fund

This fund was created by Larry Allamong in memory of his brother Jim, who was a Shenandoah County resident and 1967 alumnus of Strasburg High School.

After high school, Jim enlisted in the United States Army and was a member of the 101st Airborne Division.

He served two tours of duty in Vietnam, despite being severely injured by a mine explosion in his first tour. He was a decorated veteran, and was awarded the Bronze Star and the Purple Heart, among other distinguished awards.

Upon his honorable discharge from the military, Jim enrolled and graduated in 1973 with a B.S. degree in Political Science from Madison College (now James Madison University). He earned his Juris Doctor degree from George Mason University and was admitted to the Virginia State Bar in 1985.

Jim's legal career included a brief time as an Assistant Commonwealth Attorney for Warren County; a prosecutor for the Town of Strasburg for 21 years; and over 20 years as general counsel for the Shenandoah County Department of Social Services, as well as the private practice of law. In 2004, Jim was appointed to serve as a substitute judge in the district courts of the Twenty-sixth Judicial District, Virginia.

The James Henry Allamong Jr Memorial Scholarship will be awarded to Strasburg High School students interested in pursuing a career in law.

### The SJHS Class of 1964

For many years, members of the Class of 1964 were major contributors to the SJHS Alumni Fund. As they approached the 60th anniversary of their graduation, they wanted a scholarship specifically from their Class. James and Vicki Zerkel established this new fund with a generous donation that will benefit future alumni from Mountain View High School.

Jane Dodson Perry has been an active supporter in encouraging her class members to help grow the fund. The first scholarship will be awarded in 2023.

*THANKS!* 

A primary focus of Shenandoah Community Foundation is to positively impact the quality of life in Shenandoah County. In 2022, a total of \$828,000 went back to our community in the form of grants in the areas of education; family, child, and social services; health; civic affairs; arts and culture; and the environment.

## Retiring Board Members

We are extremely grateful to Mike Dorman and Brandon Keller who have served the Foundation well with their time, expertise, and support.

Mike served on the Board for seven years and during that time helped facilitate the establishment of multiple scholarships. Brandon served a three-year term amidst a busy law practice and the responsibilities of a young family.
